

The Next Eclipse Is Here!

Eclipse™ urinal screens and fragrance clips. Premium odor control from Impact Products®

Customers and employees equate the cleanliness of a restroom with the cleanliness of the entire business.

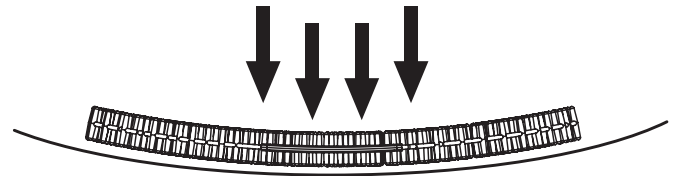

Poor-smelling restrooms lead to the perception that restrooms are not clean.

Eclipse™ urinal screens and fragrance clips provide 30 days of high intensity fragrance. Utilizing an EVA copolymer that releases premium fragrance over time, Eclipse™ is ideal for any environment from single stall office washrooms to high traffic restrooms in venues such as hospitals, stadiums, arenas and restaurants.

Eclipse™ Urinal Screens. The next generation in premium odor control.

Eclipse™ urinal screens eliminate virtually all splashback – so they not only counteract malodors, but prevent them at the source. Our innovative, patent-pending design allows screens to be installed in any position without compromising splashback performance – the vast surface area and anti-splashback tines are mirrored on both sides of the screens so no matter how they are placed in the urinal they always perform as intended.

Eclipse™ urinal screens are designed to fit virtually all urinal shapes and sizes. Sturdy enough to provide effective drain and trap protection, they are also flexible for a perfect fit.

Choose from nine bold modern fragrances: **Ocean Breeze, Cucumber Melon, Tropical Mango, Lavender Fields, Berry Fusion, Apple Zing, Winter Frost, Citrus Grove or Piña Colada.** Resealable packaging keeps unused screens ready for use!
